

LIVER BOOSTER

Contributes to a good hepatic function

DAIRY COW SUPPLEMENTARY FEED

LIVER BOOSTER is intended for dairy cows (especially those that are too fat before or during calving, with high production potential and loss of appetite, with a lactation rank > 2). One dose consists of 2 boluses. The nutritional components of the boluses are fully released in less than 24 hours after administration.

ZOOTECNICAL BENEFITS:

- Contains Choline which acts on liver congestion to ensure its proper functioning.
- Contains Methionine which is a precursor to choline.
- Provides vitamins for maintenance, growth, production and reproduction functions: Vitamins A, D3, E (reproduction & production), B Group vitamins (maintenance, growth, production and reproduction).
- Provides energy.
- Provides zinc chelate to support reproductive function and improve milk production.
- Ruminally protected ingredients to promote intestinal absorption.

INSTRUCTIONS FOR USE

Orally administer one dose of 2 **LIVER BOOSTER** boluses 10 to 15 days before calving, or just after, or in case of loss of appetite, in one application. Repeat the dose if necessary.

Preferably administer the bolus using a bolus gun by a veterinarian or other competent person.

Do not administer to a downed animal.

It is advisable to seek the advice of a feed expert (or nutritionist) or veterinarian before or to prolong use.

Protective measures should be taken to avoid exposure to cobalt by inhalation or skin contact.

COMPOSITION

Sorbitol, magnesium stearate.

ANALYTICAL CONSTITUENTS: Crude protein 12.9%, Crude fiber 15.1%, Crude fat 26.3%, Crude ash 11.2%, Sodium 0.1%.

ADDITIVES	Concentration		Concentration
Trace elements		Vitamins	
3b302 Cobalt (Cobalt(II) Carbonate)	45 mg/kg	3a890 Choline Chloride *	73 187 mg/kg
3b607 Zinc (Hydrated Zinc and Glycine Chelate)	4 839 mg/kg	3a314 Niacin *	65 052 mg/kg
Amino acids		3a880 Biotin	185 mg/kg
3c301 DL-Methionine *	86 465 mg/kg	3a672a Vitamin A	54 800 UI/kg
		3a671 Vitamin D3	5 480 UI/kg
		3a700 Vitamin E *	325 mg/kg
		3a925 Betaine Hydrochloride *	4 065 mg/kg
		3a825ii Vitamin B2 *	130 mg/kg
		3a835 Vitamin B12 *	544 mg/kg
